NEW SHED FOCUS Edition No 57 May 2019

Presidents Report:

I hope all had a good break over the Easter weekend, I had a very quiet one.

Unfortunately, we had another break in on the Tuesday night but this time he did not get a thing but made a mess in the office. The police may have a good image of him this time.

If you are interested in learning to play an Instrument, Clive Pattie is running a course on Wednesdays 11:00am to 12:15pm all welcome to attend.

Expression of interest is required, Mike Elly is organising a run to visit the world's largest free-standing stick shed. September 2019 All members of the Shed are invited. There is an attendance sheet at the sign in book. We will be leaving the Saturday morning and returning on the Sunday.

The Motoring Group has a run to Kerrisdale Railway Museum 19th May 2019 all members of the shed are most welcome to attend.

David Berner and I will be heading to Kerang on the 18th May for a Federation meeting and we will be putting forward our plan for

Australia Day 2020 and hoping that we get good support from them.

What's happening here?

Popular Shed Member Kenneth Jupp came across a group alongside the pathway at the Williamstown Linear Reserve near Ralph Willis Park. Ken advised the group that the Hobsons Bay Men's Shed working with several Community Groups had built the Library Boxes to house many Books & Magazines for the Public to choose or donate as they wish...Our Community at Work!

The Mecha Workshop is a scale modelling group that meets twice a month (Saturday's) at HBMS to build scale models of all types. Come along and build your tank, plane, train or figure in a relaxed social setting and improve your modelling skills. All members of the shed interested in model making are most welcome to attend.
