NEW SHED FOCUS Edition No 71 August 2020

Presidents Report:

I hope that this newsletter finds you all well and safe now that we are in stage 4 lock down, Remember to keep your social distancing, mask up always while outside the home and wash the hands regularly.

It looks like we will not be back at the Shed before the start of 2021, most dis appointing.

I have had a lot of queries regarding our annual dues, how do we pay them well for current members they remain at \$40.00 but for new members as of the 1st July 2020 the fee will be \$60.00 which includes the \$10.00 joining fee.

Bank details are Bendigo Bank, BSB 633 000 Acc 137 256 947 if you are going to pay your fees through the bank please use your name as a reference.

I have again at the bottom of the newsletter membership renewal form and the current Code of conduct, these forms must be sent back to the HBMS once you have paid the membership fee.

Un fortunately we have lost another member Colin Forsyth, he passed away last Friday. For those that did not know Colin he was the person that organised the cars for various movies and TV series. He will be sadly missed.

For the Motoring Group, below is a bit of reading regarding changes coming for the Club Plate Scheme (CPS), they will be in force from October and the good news is we can now pay our permits online. They still must be signed by either myself or Bert Mason details also below on how to register.

Motoring Group Members PLEASE NOTE: the signing of your club permits, please send them to Ken Inglis, 30 Hunter Ave, Hoppers Crossing 3029 or R Mason, PO Box 264 Ballan 3342. **Please include a SELF-ADDRESSED AND STAMPED ENVELOPE and your 2019 – 2020 Logbook NO LOGBOOK No Signature.**

Information regarding proposed changes to the CPS.

To all Federation Member Clubs and Federation Delegates,

Proposed Road Safety (Vehicles) Interim Regulations 2020 The Road Safety (Vehicles) Regulations 2009 are on a 10-year review cycle and are due to expire in October 2020, and therefore the Department of Transport has embarked on a review process. Having regard to the COVID-19 state of emergency, the Department has approval from the Minister for an exemption to delay this process, and is recommending making an interim set of regulations, which will be known as Road Safety (Vehicles) Interim Regulations 2020. These Interim Regulations will come into effect in October 2020 and will implement technical and administrative changes to improve the effectiveness of the Regulations. These Regulations are some 400 pages, of which a section of Part 3 relates to the Club Permit Scheme. Federation has been offered, and accepted, the opportunity to be updated on the proposed changes, and now we share this information with you. Their intention was for major consultation; however, the interim Regulations will be enacted for 12 months from October 2020, and full consultation will take place in early 2021 with the full review, ahead of an expected October 2021 launch date. A copy of the stakeholder information session presentation by the Department of Transport is attached for your information. Note these are the proposed changes, are not approved by the Minister, and no decision has been made on their final form. The changes are across a range of areas, including:

- Increased accessibility and clarity of the Regulations
- Club membership requirements
- Conditions for approved clubs
- Appointments for the issue of a club permit
- Club permit general conditions
- Permanent and temporary operating conditions
- Requirement to advise of change of details
- Offence for not completing logbook
- Suspension of club permits
- Club permit number plates
- Reassignment of club permit for deceased estates Federation Veteran, Vintage, Classic Clubs Inc. A0038929X

Given the short timeline that this is being operated under, there is little time for circulating and consultation with Member Clubs, and so the Department has targeted consultation to Club Associations. And with meetings being unachievable at this time, there is no opportunity for further discussion. However, the full formal

consultation is to take place in early 2021, including the release of a regulatory impact statement. So, with this process under way, we ask you, our Member Clubs, Delegates, and members of your clubs to start thinking about what, if any, changes/issues/concerns/comments that are either old or new, that can form the future and ongoing consultation process. It seems that those we are dealing with at the Department may not be fully across or appreciate the rich heritage of this scheme that we are all privileged to be part of, so don't be concerned about revisiting issues that have been raised before and that may remain unresolved. So please circulate and consider the information on the proposed changes, and if time and current operating conditions allow, feel free to provide immediate feedback, or alternatively take the time to gather the full picture of information for further review in 2021. Immediate feedback will be required in the next 7 days, further feedback we ask to be received in the new year, at this stage looking to the end of January 2021.

Yours sincerely,

Neil Athorn
